

2020 ANNUAL REPORT

A review of activities from the 2019-2020 fiscal year

Management Report Highlights for 2019–2020

Working Skills Centre's 2019-20 year was another roller coaster ride, highlighted by a series of major successes and ending with the Covid-19 crisis. The organizational strategies developed in 2019 allowed WSC staff to meet the later challenges of 2020 effectively and with the minimum amount of disruption. Congratulations to the entire WSC team for their focus and dedication in handling of these challenges and in achieving the best possible outcomes.

The year began very strongly. In April 2019, Carolyn Bennett, Minister of Crown-Indigenous Relations and the MP for Toronto-St. Paul's, made an announcement on behalf of Maryam Monsef, Minister for Women and Gender Equality, that WSC would receive \$50,000 per year for 4 years for a new Capacity Building project "Building Innovation and Growth — Women Empowerment". Year One of the project has focused on an updated strategic plan and the operational changes that would allow WSC to better serve our clients and broader community needs.

Hon. Caroline Bennett, Minister of Crown-Indigenous Relations and MP for Toronto-St. Paul's

This was followed by the award of a new 4 year Skills
Training and Employment Services contract with the City of
Toronto. The new innovative formats of these 4 programs
was based on the successful employment outcomes of the
previous City contract as well as the lessons learned from the
2018-19 pilot project "Career Launch In Canada Knowledge
& Skills" (CLICKS). Staff from all WSC operational areas
were instrumental in making the new contract possible
through their intimate knowledge of the unique challenges
our clients face, as well as the means to assist them in
getting their careers and lives on track.

In 2019-20 WSC continued to exceed the employment

targets set by the government agencies that fund the programs. This in turn allowed us to see the number of program seats allocated to WSC increased to the maximum. The success of these programs is a credit to the entire WSC Team, from Assessment and Intake, to Program Instructors and Employment Services.

As part of the lease extension of WSC's offices, the premises were refreshed with new flooring and paint to create a more positive learning and working environment. This was done with no disruption to our operations. We also initiated the process of moving the majority of the IT services to a Cloud based infrastructure. This process will be completed in the next 2 years.

Thanks to new funding from the McLean Foundation WSC was able to re-establish the very successful Social Café for Women, a free weekly networking and learning opportunity geared towards immigrant women from the local community. Many thanks to WSC Board Vice-President, Denise Hinds who prepared and managed the application. WSC was also invited to participate in the Toronto Foundation's Deacon Legacy Grant Program and received \$15,000 per year for 2 years. The Federal New Horizons Program for seniors was also extended for a further year, allowing this valuable networking and mentorship program to continue.

The above successes and highlights of 2019-2020 are a tribute to all the WSC volunteers and members, our Board of Directors and most of all, the professional staff team at WSC. On behalf of the many clients we serve and whose lives we have changed for the better, please accept my sincere thanks to all of you for your ongoing dedication and support of the organization.

Marina Nikova, Executive Director November, 2020

Treasurer's Report

Financial information has been extracted from the Audited Financial Statement as @ March 31, 2020 (David Burkes, CA)

Skills Training and Employment Services

2020 was a challenging year in many aspects and brought incredible opportunities as well.

Due to COVID-19 we had to face an unexpected impact on the labour market that affected most of our graduates from the 2019 programs. While our Essential Skills graduates did incredibly well, graduates from the second Office Administration Diploma cohort and some of our Medical Receptionist graduates were forced to stay at home due to lack of daycare and school for their children or were not able to search for employment as a consequence of the Pandemic.

Overall percentages in employment for graduates who completed their programs in 2019-2020 stand at 67% for Office Administration graduates and at 54% for Medical Receptionist graduates. In the Essential Skills for Office Professionals program, enrolment in further education is also considered a success. This program achieved a success rate of 100% for all three cohorts.

Post program End Date	October 2019	May 2020	July 2020	March 2020	December 2020	July 2019

Since mid-March 2020 we made sure to follow government measures to protect clients and staff members and reduce the spread of COVID-19. As a result, we were faced with the challenge of moving most of our programs online for 2020. Fortunately we were able to make the transition within a short time-frame and by May 2020 were successfully running our programs online.

The SAP continues to be an extremely successful program and the number of seats was further increased for 2020.

Challenges

- As a result of the significant economic impact of the pandemic at the beginning of 2020, Ontario experienced an unprecedented decline in employment. In addition the health risk to the population, brought severe health measures and physical distancing that impacted the job search efforts of many Canadians including our graduates.
- School and daycare closures forced most of our students and graduates to stay at home and impacted both the employment rates and the intake process for new programs.
- Lack of technical resources (such as access to computers and reliable internet connections) was one of the main barriers to implementing online training for 2020. We had to advocate on behalf of our clients and raise the issue to the City of Toronto (TESS) to make sure that our clients did not feel more isolated and adrift in the current situation.
- Keeping participants motivated and involved in an emergency situation, taking also in consideration that our client have existing multiple barriers to employment, such as mental health issues and emotional distress that were exacerbated by the social isolation.

Innovations

 The development and implementation of managing The Present and Planning the Future (WRAP support program) as part of the WSC Team and with the support of TESS. As an answer to our efforts to advocate for OW clients experiencing COVID-19, the City launched an incredible program that facilitated social connection and continued support of the most vulnerable. We started 3 cohorts in 2020 and offered individualized counselling, support, Nutrition & Yoga classes and Mental Wellness guidance to 36 clients (28 have already completed the program and several transitioned into additional training with us at WSC).

- First cohort of the Microsoft Office Specialist Certificate program was started successfully this October, with 12 students in the class and great expectations for the following 5 months.
- Launch of remote learning through Zoom classes and implemented small class sizes for in person training for longer courses such as Administrative Assistant with Desktop Publishing Diploma and Microsoft Office Specialist Certificate.
- Further develop partnership with Volunteer Canada to organize events for graduates, such as a video mock interview event on September 30th where Vertex employees volunteered the afternoon to practice video interview strategies with our clients. In addition we have another event planned with UBS Financial (returning employer from 2019) for a similar online event.
- We are still thinking about expanding our department with the addition of a new staff member that will mainly concentrate on building and maintaining relations with employers for future placement and employment opportunities.

Settlement Services 2019-2020

Newcomer Settlement Program

WSC's settlement services are funded by the Newcomer Settlement Program (NSP) under the Ministry of Children, Community and Social Services, Citizenship and Immigration Division:

Activities undertaken during the year included:

- a) **One on one services.** Our one-on-one services included information and referral, interviews with clients, and follow-up meetings. WSC also administered essential skills assessments for clients needing to identify their readiness for working in Canada and their educational needs.
- b) Workshops and group sessions. This included settlement information sessions; trips to the library; presentations by community partners from legal clinics and employment centres, workshops to improve written and oral communication skills; and workshops related to civic engagement including on topics such as critical thinking, community event planning and volunteering.
- c) **Service Coordination**. WSC settlement staff attended meetings of the Toronto North Local Immigration Partnership (LIP) and OCASI.

Services were delivered by a team of three part-time settlement counsellors. Eligible clients included permanent residents, convention refugees, refugee claimants, naturalized Canadian citizens and work permit holders.

Achievements for 2019-2020 include:

- Served 465 unique clients
- Conducted 1180 one-on-one services to clients
- Held 90 settlement related workshops and group sessions with a combined attendance of 722 clients

According to client feedback from interviews and surveys, most clients have been very satisfied with the quality of guidance provided by our settlement staff on in relation to career and educational pathways. Clients indicated that this guidance has been very useful in the settlement journey.

The profile of NSP clients accessing settlement services is provided below. Last year we reported an increase in the proportion of clients with refugee status. This

situation has continued and reflects a trend that began in 2017-2018 with an increase in refugee claimants being housed in the City of Toronto.

NSP Client Profile

Gender - NSP Clients

Gender	% of Clients 2018-2019	% of Clients 2019-2020
Male	27%	25%
Female	73%	75%

Top Ten Countries of Origin – NSP Clients

Ranking	Country of Origin 2018-2019	Country of Origin 2019-2020
1	Nigeria	Nigeria
2	India	India
3	Ethiopia	Ethiopia
4	Eritrea	Pakistan
5	Uganda	Iran
6	Pakistan	Philippines
7	Bangladesh	Russia
8	Phillippines	Uganda
9	Jamaica	Colombia
10	Iran	Bangladesh

Immigrant Status

Immigrant Status	% of Clients 2018-2019	% of Clients 2019-2020
Permanent Residents	31%	28%
Refugee Claimants	38%	41%
Canadian Citizens	30%	30%
Other	1%	1%

Length of time in Canada

Time Category	% of clients 2018-2019	% of clients 2019-2020
Less than 1 year	15%	31%
1 to 3 years	39%	23%
3 to 5 years	6%	8%
Over 5 years	40%	38%

Newcomer Needs

The key needs of newcomers as identified in previous years continue to persist.

- Lack of recent work experience and gaps in resumes posing a barrier to finding employment.
- Many of the recent newcomers we met with need guidance on how to best leverage their skills and education from their home country to find employment in Canada.
- 3. There is a need to improve communication skills for the workplace, both written and oral.
- 4. Access to child care continues to be an important need. We continue to encounter newcomer women were unable to participate in programs at WSC due to lack of childcare.

One of our NSP group sessions was a special event to commemorate International Women's Day. The event was attended by 20 women. Here Julie Gray, a volunteer from our seniors' program is addressing participants. To her left is the event facilitator, Emma Wanjiku, and settlement counsellor, Silva Mardirossian.

Annual Report 2019-2020

Social Café Program

We were pleased to re-establish our Social Café program for women in February 2020 due to a generous grant from the McLean Foundation. The social café takes place Mondays from 1:00 pm to 3:00 pm. Activities include art and craft lessons, games, guest presentations on community resources, Canadian history and geography, a reading and film club and cooking demonstations.

Social Café participants learning to play chess.

Art work produced by social café participants.

Cooking demonstration in the social café. Ingredients for Persian Finger Food called Kou-Kou Sabzy

Working Skills Centre

WSC Seniors Program

The project, **Seniors Empowering Newcomers and Job Seekers Across Generations** was offered from March 18, 2019 to March 17, 2020 with funding from Employment and Social Development Canada, New Horizons for Seniors Program. This was our second year of funding.

Achievements for 2019-2020 included:

- 27 seniors and 13 non-seniors participated as volunteers.
- 60 seniors benefitted from the project through participating in activities organized by the volunteers.
- 45 non-seniors benefitted from the project and either attended activities organized by the seniors or were mentored by them.

Senior volunteers played an active role in leading and directing the project and met approximately once a month to plan activities.

Activities for Seniors

Activities for other seniors included line dancing sessions organized with the support of the Montgomery Place Social Club. The Social Club helped us to promote the event and access space for it. Participants who were surveyed said they especially enjoyed the music and the stretch exercises at the beginning and end of each session. To reciprocate the support provided by the Montgomery Place Social Club WSC volunteers provided assistance serving food and clearing tables at some of the social clubs events.

Line dancing class led by part-time instructor, Maria Astudillo.

There were two major special events - one in July on Elder Abuse Awareness and the second in November on Financial Literacy. In the planning and execution of these events senior volunteers worked with non-senior participants and used the event planning process as a vehicle to provide coaching to non-senior-participants and help the latter develop their portfolio of experience.

Financial literacy workshop for seniors, November 2019.

Seniors planned and delivered 18 business communication workshops that included coaching in English grammar, business writing and oral presentation skills. They also hosted 10 job search workshops including mock interview sessions as well as d one-on-one coaching. Verbal feedback collected from participants indicated that the coaching was very useful especially advice on how to expand their network.

WSC students delivering a presentation on elder abuse awareness in July 2019. Prior to presenting the students received coaching in communication and presentation skills from our senior volunteers.

List of Staff 2019-2020

History and Mandate

Working Skills Centre (WSC) was established in 1978, incorporated on May 1, 1980, and received charitable status in March 2003. Originally mandated to serve immigrant women from Spanish and Portuguese speaking communities, the organization quickly expanded to serve immigrant women from any country of origin. The Letters Patent were revised in 2005 to expand the mandate to serve individuals, primarily immigrants, who are unemployed or underemployed, and to assist them to obtain skills needed to become self-sufficient. While mandated to serve a broader clientele throughout the Greater Toronto Area, the Mission Statement reflects the emphasis on programs for immigrant women:

Working Skills Centre (WSC) is an innovative, community-based, non-profit, charitable organization that empowers immigrants, primarily women. Our purpose is to prepare our clients to fully participate in Canadian society by providing education, work experience, and settlement services that ultimately lead to employment.
